

# ERC Recommendation 70-03 and impact on usage of Dual Technology PDM's

## Latest version of ERC Recommendation 70-03 : 7th June 2024

The ERC Recommendation 70-03 relates to the use of Short Range Devices. Annex 6 of this recommendation has an impact on our dual technology motion sensors as they have a microwave on board and defines which series to use where.

### How to read the table below ?

AUT (Austria) : only to use our PDM-IXD series for installations.

D (Germany) : you can use any of our dual technology PDM's in installations.
