

Advanced Intercom with 7" Touchscreen

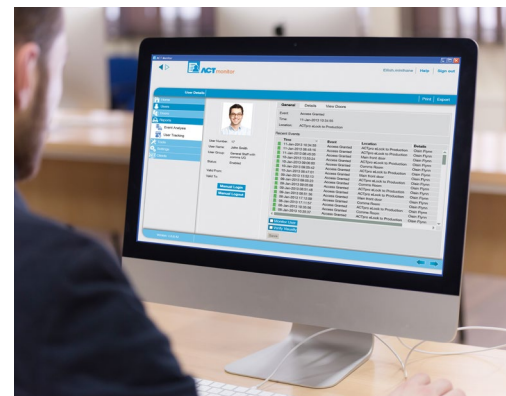

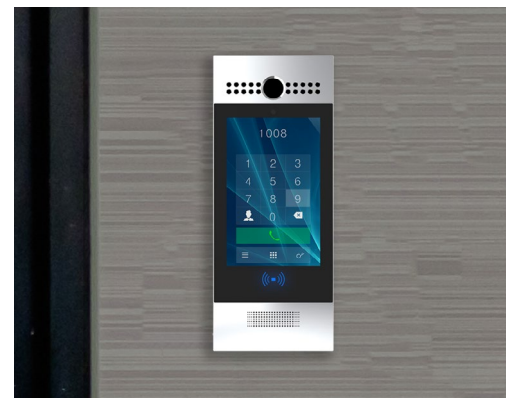

Overview:

The Akuvox R29S is a smart IP Video Door phone, enabling you to easily monitor an entrance door or gate. The R29S offers a sleek and elegant design with intelligent functionality with multiple application scenarios covered such as multi-tenant residential buildings and office blocks. The R29S has its own on-board access control system and is easily integrated with ACT Enterprise.

The R29S is designed to work with a range of Akuvox's internal Monitors, the C315S and IT82W. The R29S is also capable of communication to an IP Phone, mobile client or softphone.

The R29S must be purchased with the R29S Mounting kit, please see ordering information on page 4.
