

VR40S-MF Keypad for Omnis

Overview:

Vanderbilt's VR40 keypad provides a simple intuitive interface to the Omnis system. Optimised for multi area systems the keypad's hard-wearing materials can endure most weather conditions and a host of domestic detergents. It's multicolour light frame and OLED display maximises the user interaction with arming, access and recognition messaging etc., resulting in improved and enhanced user interaction "at the door".

Key Features include:

- ✓ Connects to the E100 Central controller
- ✓ Can be used for authorisation with code or card + PIN
- ✓ Easy configuration
- ✓ System Status
- ✓ Arming / disarming of intrusion areas
- ✓ Inhibit inputs
- ✓ View logs
- ✓ Blue frame when configured as a keypad rather than a reader
- ✓ Can be configured as a keypad via the E100's web interface
